**Summary:** On May 9, 2006, Scott Blaising, counsel for the Power and Water Resources Pooling Authority (Pooling Authority) recorded a telephone voice message for Belinda Gatti, advisor to Cmmr. Brown and emailed to Belinda Gatti a copy of the Pooling Authority's reply comments on the draft decision. **Summary:** On May 10, 2006, Dr. Barry Wallerstein, Executive Officer of the South Coast Air Quality Management District (AQDM), mailed a letter (attached to the notice) to Pres. Peevey. Copies of the letter were also mailed to Cmmrs. Bohn, Brown, Chong, and Grueneich. 5/15/06                      R04-04-003                      Order Instituting Rulemaking to promote policy and program coordination and integration in electric utility resource planning;

                                    R04-04-025                      Order Instituting Rulemaking to Promote Consistency in Methodology and Input Assumptions in Commission Applications of Short-run and Long-run Avoided Costs, including Pricing for Qualifying Facilities.

                                    R99-11-022                      Order Instituting Rulemaking into implementation of Public Utilities Code Section 390.

**Summary:** On May 10, 2006, R. Thomas Beach, a consultant to the California Cogeneration Council (CCC), met with Pres. Peevey in San Francisco. Also present were Rami Kahlon, advisor to Cmmr. Peevey, David Hermanson, a member of the CCC employed by Primary Energy, Barry Lovell, a member of the CCC employed by Berry Petroleum, Shakil Rahman, a member of the CCC employed by Delta Power, and Jerry R. Bloom and Joseph M. Karp of White & Case, LLP, counsel for the CCC. Bloom and Karp explained that the joint settlement proposed by Pacific Gas and Electric Company (PG&E) and Independent Energy Producers (IEP) is not a true settlement that aligns with the Commission's traditional understanding of settlements. Bloom and Karp explained that the arrangement between PG&E and IEP is, rather, a set of bilateral agreements that do not resolve any key issues of these proceedings. Bloom and

Karp also explained that the bilateral agreements involving a few gas-fired Qualifying Facilities (QFs) for which PG&E and IEP seek approval are not generally applicable to other QFs, and thus should not be considered as a basis for a decision in this proceeding.

Pacific Bell Telephone Company, doing business as SBC California, for Generic Proceeding to implement changes in Federal Unbundling Rules under Sections 251 and 252 of the Telecommunications Act of 1996.

**Summary: THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON May 10, 2006, AND APPEARED IN THE CALENDAR OF May 15, 2006.** On May 8, 2006, Jeff Buckingham, Chief Executive Officer of Call America, Inc., met with Tim Sullivan, advisor to Cmmr. Chong, Lester Wong, advisor to Cmmr. Peevey, Kelly Hymes, advisor to Cmmr. Grueneich, Lindsay Brown, advisor to Cmmr. Bohn, and Peter Hanson, advisor to Cmmr. Brown, in five separate meetings in San Francisco. Also present was Glenn Stover, counsel to Call America. Buckingham and Stover explained the circumstances that led Call America, Inc., CF Communications, LLC dba Telekenex, and DMR Communications, Inc. ('small CLECs'), to file the motion for enforcement and described how SBC/AT&T's actions had directly challenged the Commission's holdings in D06-01-043. Buckingham and Stover described the devastating impact of SBC/AT&T's actions on the financial viability of the small CLECs, and how the 'proxy' resale rate set in the ALJ's ruling was the highest the small CLECs could absorb and remain in business. Buckingham and Stover explained that, unless the Commission ratified the ALJ's ruling, the Commission's goal of encouraging facilities-based competition would be further frustrated, and SBC/AT&T monopoly power in its service areas would be further strengthened.

Order Instituting Rulemaking to establish policies and rules to ensure reliable, long-term supplies of Natural Gas to California

**Summary: THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION THAT WAS FILED ON May 15, 2006, AND APPEARED IN THE CALENDAR ON May 16, 2006.** On May 10, 2006, Marzia Zafar, CPUC Relations Manager for Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company, met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Written materials (attached to the notice) were used. Zafar urged the Commission to not impose an overly restrictive Wobbe number because up to thirty percent of SoCalGas' existing supplies may have to be eliminated. Referring to the South Coast Air Quality Management District's proposal, Zafar stated that the potential NOx emission increase due to the use of LNG-derived natural gas would be one tenth of one percent of total South Coast Air Basin emissions and the air quality impact would be expected to be negligible. Zafar stated that setting an artificially low Wobbe Number is not a cost effective way to address the potential change in emissions.

Buntrock, counsel to Fones4All. Written materials (attached to the notice) were used. Cardona and Buntrock discussed the ALJ's ruling granting in part motion for enforcement of D06-01-043. Cardona and Buntrock discussed the fact that there is no need to adopt AT&T's proposed \$37.24 resale proxy rate, nor should the Commission adopt \$25.19 rate in the ALJ's ruling; rather, the Commission should simply require AT&T to charge the Total Service Resale Rate applicable to Fones4All's residential lines, consistent with D06-01-043.
